She don't want anybody to be there for her  
She don't want anything

She goes into her room  
And turns off all the lights  
Gets a candle from her drawer  
Pulls the curtain and then locks the door

It's the same old thing, she wants to be alone night  
after night  
Got herself into a mess, doing what she loves the best  
Flyin' to avoid the rest

She don't want anybody to be there for her  
She don't want anything from anybody  
She don't want anybody to be there for her  
She don't want anything

Try to tell her what I see  
And how I think her mind's  
Dying slowly day by day  
But she only smiles and turns away

Doesn't wanna have to justify herself to anyone  
Why do people nag her when she's only trying to have  
some fun  
Flyin' towards the sun

She don't want anybody to be there for her  
She don't want anything from anybody  
She don't want anybody to be there for her  
She don't want anything from anybody

Anybody  
Anybody  
Anybody

Years went by and still  
She claimed to be in control  
Try to grab her on the way down  
Missed her hand and had to watch her drown

Even at the end her eyes were open but she couldn't  
see  
The beauty of the world or at least what she had meant  
to me  
Why did she fly away

She don't want anybody to be there for her  
She don't want anything from anybody  
She don't want anybody to be there for her  
She don't want anything from anybody
