Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
It's been 10 years since I left my home
And wandered off without you
Has it been that long?
It's really been that long
And in the back of my mind I still hear you
Calling to me, shouting to me, grabbing my attention
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
You say you feel trapped and do not see
An answer to the problem
I say you gotta get out
Just get up and get out
What are you afraid of?
Living, loving, hurting, crying..

It's one and all, defend your fate, your destiny can be
what you make

it...

Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
And you came to me with propostions
Like you really mean them
Well I've heard them before
So many times before
What are you afraid of?
Living, loving, hurting, crying..

It's one and all, defend your fate, your destiny can be
what you make

it...

Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
Wanna go with you but I think I'll stay
