Stopped taking pictures long ago  
We'll probably be there tomorrow  
I guess I'm having fun, I don't know  
It's hard to tell anymore

Don't panic from the static in the air, it's not there  
It's just a subtle form of insanity  
Nobody ever warned us that our heads would start to  
rot  
As we see everything repeating

Can't stand no more, it's never ending  
Can't stand anymore  
Let's go do it over again  
Let's go do it over again

Late night TV is such a bore  
Seems like I've seen this all before  
Don't know if I can take anymore  
I think my mind is going

Nothing's funny but my smile is glued on  
I don't bother taking it off at night  
Nobody ever warned me that my head would start to  
rot  
Where's a Poltergeist when you need it?

Can't stand no more, it's never ending  
Can't stand anymore  
Let's go do it over again  
Let's go do it over again

Can't stand no more, it's never ending  
Can't stand anymore  
Let's go do it over again  
Let's go do it over again

I'm gonna go lay down in front of the tires  
Be a doll and get some chicken wire  
Tie me up in case I change my mind  
Trust me you'll join me in time

As much as you think that I'm being too dramatic  
You'll be the only one hearing static  
You know I'm joking but then again at least it  
Couldn't happen all over again

Can't stand no more, it's never ending  
Can't stand anymore  
Let's go do it over again  
Let's go do it over again

Love you, mean it but it's never ending  
Love you, we mean it  
Let's go do it over again  
Let's go do it over again
