On a sinkin' ship, I'd be the first one
To jump so that it would be done
I don't wanna think about what might be
I don't really wanna see

What I'm missin' out on when you come back
You'll find I never really had a chance
It's not that I have anywhere to go
It's just that I already know

Waited too long
Now this is really wrong
Try to run, can't get away
Now it's just too late

It's gettin' late and I'm killin' time
But I can't get you out of my mind
Something's wrong with me

Try to make it easy
And find a way to lose you by
All the things I say
Want you to go away

When I close my eyes
All I can see is the fire in front of me
I try to turn, don't wanna stay
But I can't seem to get away

From the things that scare me most about you
All of what you say and do
Try not to squirm when I feel your touch
I just know that I care too much

Waited too long
Now this is really wrong
Try to run, can't get away
Now it's just too late

It's gettin' late and I'm killin' time
But I can't get you out of my mind
Something's wrong with me

Try to make it easy
And find a way to lose you by
All the things I say
Want you to go away

It's gettin' late and I'm killin' time
But I can't get you out of my mind
Something's wrong with me

Try to make it easy
And find a way to lose you by
All the things I say
Want you to go away
