I'm giving you only the truth this is your last chance
After me there will be no more
If you hear your self-conscience, you will stay in
wonderland
And I'll show you how deep the rabbit hole goes

Alice lives in a land that I am envious of
Yellow dragons, violet cats
And black talking purple knobs
She steps on anything
That might get in her way of home, you

Alice had love but she pushed
All of her people away
She felt as if she was alone, distant, ugly, afraid
She didn't not know
That her life was already made

You're loved and you will find
Someone with your frame of mind
So if you would be so kind
To not cross that line

And fall into a world
Where everything is flipped
And where you fly to swim
And you fly to drive

Fly with me in the sea
Swim with me in the breeze
Drive with me on the clouds
Fly with me on the ground

Follow me into my rabbit hole
I'll show you everything I've been told
I'll lead you to a land unknown
Where happiness is grown

I live in a world that
Alice would be envious of
Everybody's mind is closed
There falls a white dove

Find your treasured feather
And you better treat it right
Petals can unfold all at one time
And all at the drop of a dime

With tragic reds
And joyous reds of a blue yesterday
It makes me crazy to hear
Of your purple yellow haze

Alice had it great
I wanna be like her some day
In a world where everything is flipped
And people are stuck in the maze

Fly with me in the sea
Swim with me in the breeze
Drive with me on the clouds
Fly with me on the ground

Follow me into my rabbit hole
I'll show you everything I've been told
I'll lead you to a land unknown
Where happiness is grown

Fly with me in the sea
Swim with me in the breeze
Drive with me on the clouds
Fly with me on the ground

Follow me into my rabbit hole
I'll show you everything I've been told
I'll lead you to a land unknown
Where happiness is grown

Fly, swim, drive, fly
Fly, swim, drive, fly
