Come on

Don't give the tired act
After you been running 'round
The time you spend with me
You shouldn't be coming down

Don't give me no attitude
(Attitude)
Saying what you will and will not do
(Do)
Baby, we need compromise
If we're gonna make it through

Push yourself a little more, boy
For me you gotta try a little harder
I do it for the love of you, yeah

Show me you're always gonna be there
No matter what you're always gonna be there
Here's what you gotta do

I wanna see ya backflip, cartwheel
Don't be cutting corners on me
Gotta give me all that you've got
I need to see it to believe it

I wanna see ya backflip for real
Show me that you really do feel
Everything you say that you do
I need to see it to believe it, [incomprehensible]

Don't bring me no baggage 'cause
I've got plenty of my own
Bring me all your good stuff
Baby, leave the rest at home

You've got your own philosophy
Wanna hear all that you believe
But if it ain't about being faithful
Then it ain't impressin' me

Push yourself a little more, boy

For me you gotta try a little harder
All I do is for the love of you

Show me you're always gonna be there
No matter what you're always gonna be there
Here's what you gotta do

I wanna see ya backflip, cartwheel
Don't be cutting corners on me
Gotta give me all that you've got
I need to see it to believe it

I wanna see ya backflip for real
Show me that you really do feel
Everything you say that you do
I need to see it to believe it

I would walk
