Boy don't be a mystery
Cuz I'll like to see
How it'll be
Getting to know you
Curiously
Watching you knowing you
Watching me
Looks like it's good
To get close to you
Don't no how
It gets to me when I see you
Think how good
It could be I don't wanna
Give you, give you
Just wanna get face 2 face

Hand in hand
Chest 2 chest
Hold me round my waist
Can you make me lose my breath
Like we're running away
Keep it going
Til there's no one left
And left in the place
All ya gotta do
Is just pursue it
Let's get face 2 face

I wanna get close to you
Why can't I approach you
Cuz I feel
It just wouldn't be right
(*****I don't know ***this part***)
A flame on a lighter
A chalk to a writer
(all that I desire)
Just wanna be face 2 face

Now lemme break it down Now we gonna break it on down Gotta come A lil closer lemme show Ya this how it's gon get down Gotta hold me by my waist Bout step but a dip in the pace Gotta go right 2 left, up and back Do it this way, face 2 face

Hand in hand
Chest 2 chest
Hold me round my waist
Can you make me
Lose my breath
Like we're running away
Keep it going
Til there's no one left
And left in the place
All ya gotta do
Is just pursue it
Let's get face 2 face

Hand in hand
Chest 2 chest
Hold me round my waist
Can you make me
Lose my breath
Like we're running away
Keep it going
Til there's no one left
And left in the place
All ya gotta do
Is just pursue it
Let's get face 2 face

Up in this party
Your across from me
And the dance floor
Is staring between us
Your stalling
Music's calling
Will you answer please
And save this dance 4 me
Let's dance face 2 face

Hand in hand
Chest 2 chest
Hold me round my waist
Can you make me
Lose my breath
Like we're running away
Keep it going
Til there's no one left
And left in the place

All ya gotta do Is just pursue it Let's get face 2 face

Hand in hand
Chest 2 chest
Hold me round my waist
Can you make me
Lose my breath
Like we're running away
Keep it going
Til there's no one left
And left in the place
All ya gotta do
Is just pursue it
Let's get face 2 face
