It's time to step up to the plate
Life through's you curves set'em straight
Gotta hold your ground don't let them make you fall
(no)
The most important thing of all
Keep your eye on the ball (hmmmm)

I'm gonna tell you how it is
Sometimes you hit sometimes you miss
When you got your back up against the wall (ha ha)
Never give up give it your all
Keep your eye on the ball

You gotta keep steady and you gotta know
When to hold on when to let go
When you're in the middle of a perfect play
You gotta get out your own way
Come on, I'll show ya how to win the game
You gotta look before you take your aim
You gotta trust the voice inside of you when it calls
(do it, do it)
The most important thing of all
Keep your eye on the ball

Cause when you give it everything

You gotta give just one more swing
Keep going on cause there's no time to stall
The most important thing of all
Keep your eye on the ball

You gotta keep steady and you gotta know
When to go fast when to go slow
When you're in the middle of a perfect play
You gotta get out your own way
Just have a little patience and it all will come
Know when to walk and when to run
You can lead before you learn how to crawl
(do it, do it)
The most important thing of all
Keep your eye on the ball
(do it, do it, yeah)

Keep your eye on the ball
Keep your eye on the ball
Keep your eye on the ball
Yeah, yes!
