I get so tired of the world passing my eyes
Makes me wanna jump out of my skin
What are we doin' in this race we call human
If we're too afraid of jumpin' then

Shake it, shake it, shake it up
No need to save your secret stuff
And take it, take it, take it slow
But take it any way you wanna go

Why do you make it so complicated?
Life is beautiful, baby
So shut up, shut up and appreciate it
Life is beautiful, baby

Take a chance make some noise 'cause the world is
your oyster
Don't you wanna come out of your shell?
We can dance on some chairs or some cute
millionaires
Or the tables of your local taco bell

Shake it, shake it, shake it up
No need to save your secret stuff
Take it, take it, take it slow
But take it anyway you wanna go, oh yeah

Why do you make it so complicated?
Life is beautiful, baby
So shut up, shut up and appreciate it
Life is beautiful, baby

It's a modern epidemic
How some people never get it
How you only get one shot
The world keeps turning and your either on or off it

Shake it, shake it, shake it up
Shake it, shake it, shake it up
Shake it, shake it, shake it up
Shake it, shake it, shake it up

Why do you make it so complicated?
Life is beautiful, baby
Shut up and appreciate it
Life is beautiful, baby

Why do you make it so complicated?
Life is beautiful, baby
Shut up and appreciate it
Life is beautiful, baby

Life is beautiful, baby
Life is beautiful, baby
