Alright, mystify

Mystify, yeah, you mystify
With your eyes
(Oh yeah, now with your eyes)
Play the part
(Gotta play the part, play the part)
Take your time, mystify

Give a little look with some attitude
Make 'em think about you
Show 'em with a stare, you can take it there

Leave a little guess, make 'em curious
Who you really are, now that's right
Everything about you has a way of
Makin' everybody wanna know you more

Mystify, yeah, you mystify
With your eyes
(Oh yeah, now with your eyes)
Play the part
(Gotta play the part, play the part)
Take your time, oh, take your time

Mystify, yeah, you mystify
With your smile
(With your smile)
Leave the world
(You should really, really leave the world)
Mystify, mystify

Fix you in the polls but they never know
Anything about you
Show 'em with a vibe, take 'em on a ride

Ooh, little more intrigue, little mystery
Gotta make 'em wonder
Everything about you has a way of
Makin' everybody wanna know your name

Mystify, yeah, you mystify

With your eyes
(Oh yeah, now with your eyes)
Play the part
(Gotta play the part, play the part)
Take your time, oh yeah, take your time

Mystify, yeah, you mystify
With your smile
(With your smile)
Leave the world
(You should really, really leave the world)
Mystify, mystify

Every time
(Every time)
Curiosity
(All the curiosity)
No one knows
(No one ever really, really knows)
Who you might be
(Don't know who you might be)

Mystify, yeah, you mystify
With your voice
(Yeah, now with your voice)
What they know
(Won't you let them know?)
It's your choice
(It's your choice)

It's the, the way you do that, way you got that touch
You are the one who leaves in guessin' more than not
enough
You must step on, you're captivating every single way
Think I wanna get to know you, that's the game that you
get to play

Oh, oh, yeah, yeah, yeah, yeah, yeah
Oh, oh, yeah, yeah, yeah, yeah
Oh, oh, yeah, yeah, yeah, yeah, yeah
Oh, oh, yeah, yeah, yeah, yeah

Play the part, come on, come on
Let me up a little bit

Mystify with your smile
Leave the world, mystify
Leave 'em mystify, mystify, mystify

Every time
(Every time)

Curiosity
(All the curiosity)
No one knows
(No one ever really, really knows)
Who you might be, oh, mystify

Mystify, yeah, you mystify
With your voice
(Yeah, now with your voice)
What they know
(Won't you let 'em know?)
It's your choice
(It's your choice)

Mystify, yeah, you mystify
With your eyes
(Oh yeah, now with your eyes)
Play the part
(Gotta play the part, play the party)
Take your time
(Mystify)

Mystify, yeah, you mystify
With your smile
(With your smile)
Leave the world
(You should really, really leave the world)
Mystify, oh yeah

Oh, mystify
