I need to find somebody  
Who can sleep at night  
Without holding me  
Without holding me tight

I want someone who sees me  
All the time in their dreams  
And then wakes up thinking just of me

Spent time on my own  
Spent time being free  
Now I just wanna be

Overloved  
Over needed  
Over wanted  
Over missed when I'm away

Overloved  
Over dreamed of  
Over cared about  
Over everything  
I'd give anything to be overloved

I want someone who can't wait  
To kiss me again  
Even though its been  
A minute since they last did

Want someone who loves love songs  
And dedicates them to me  
And two loving arms  
Never out of reach

Been fine all alone  
Did fine being free  
This time I wanna be  
This time I wanna be

Overloved  
Over needed  
Over wanted

Over missed when I'm away

Overloved  
Over dreamed of  
Over cared about  
Over everything  
I'd give anything to be overloved

Want someone to talk to me  
With talk so sweet, yeah  
Want some who's there  
To share their world with me

Oh, baby I've been too lonely for too many nights  
This time I need someone here in my life  
This time I want someone holding me tight

Been under kissed  
Under touched  
Now I just wanna be

Overloved  
Over needed  
Over wanted  
Over missed when I'm away

Overloved  
Over dreamed of  
Over cared about  
Over everything  
I'd give anything to be overloved

Overloved  
Oh, I just wanna be overloved  
Someone who's over in love with me

Over kissed  
Over touched  
Over missed  
Ooh, yeah  
Overloved
