It's Supernatural, supernatural

Did you see a shooting star  
Cross the sky spectacular  
On the front by a mile  
Radiating crazy style

The universe comes to me  
I can make it look so he can see  
Like a rare phenomenon  
You can see today what I see beyond

When I get this feeling  
Something's about to happen  
Without any reason  
It's supernatural

Some people call it crazy  
Some things there's no explaining  
Just believe what you see  
It's supernatural

Got the floor, got the mic  
Living in this double life  
Welcome to another world  
Magic sista, super girl

Don't know how I do what I do  
But I can make it all come true  
Got the skills, got the touch  
Got the sense, I'm takin' off

When I get this feeling  
Something's about to happen  
Without any reason  
It's supernatural

Some people call it crazy  
Some things there's no explaining  
Just believe what you see  
It's supernatural  
(It's supernatural)

It's supernatural  
(Supernatural)

Maybe superhuman  
Maybe superstrange  
Like a force of nature  
A hurricane

Why it doesn't matter  
Where I got it from  
Got the power on  
And I'm goin', goin', gone

Believe in what you see  
Oh yeah  
Oh, oh, yeah

When I get this feeling  
Something's about to happen  
Without any reason  
It's supernatural

Some people call it crazy  
(Call it crazy)  
Some things there's no explaining  
Just believe what you see  
It's supernatural

It's supernatural  
(Supernatural)  
It's supernatural  
It's supernatural  
(Supernatural)  
It's supernatural
