This is my time

Oh, at times I felt like I had lost my self
'Cause people try to make you someone else
I had to learn to trust my heart
So things can change

I came to a point where I can speak my mind and not
feel
I'm living in a box to keep the girl I am concealed
And oh, I finally found the strength so I can
Leave that all behind

This is my time to shine
This is my place to find
All that I have inside
I never knew

This is my time to show
What I must have always known
That nothings impossible
And dreams come true
And dreams come true

Everybody's got the strength inside
All it takes is time to realize
That you and only you
Can be the one to decide

I can, I will, I know that everything I want I can do
Believing in myself
That every wish I make will come true
And oh, it took a while to get this far
But I'm here now

This is my time to shine
This is my place to find
All that I have inside
I never knew

This is my time to show
What I must have always known

That nothings impossible
And dreams come true
And dreams come true

Overcoming all these things
Here I finally found my wings
Now I know I'm ready to fly

This is my time to shine
This is my place to find
All that I have inside
I never knew

This is my time to show
What I must have always known
That nothings impossible
And dreams come true
And dreams come true

This is my time
This is my time
Yeah e yeah
This is my time
This is my time
Oh, yeah, yeah e yeah

This is my time to shine
This is my place to find
All that I have inside
I never knew

This is my time to show
What I must have always known
That nothings impossible
And dreams come true
And dreams come true
