In silence with fear  
They hear the whispers  
Calling through deepness  
With regret they walk  
On way of witness forgotten beneath  
Leaves embraced by ancient screams  
No shadows would follow  
If they step inside the horror  
On this spiritual way  
We seek the innocence  
With our shadows in darkness  
We bleed and die  
Gathered to be one  
United for the undone  
We are rising  
Black hearts welcome  
And souls awake  
The crow shows the way  
With hatred in roots  
The darkest will rise from ravenwoods  
Souls of ancients here they are

With no mercy hunger to flesh and blood  
In darkness they show the presence of  
Black hearts

Embrace regret with time  
Don't try to hide  
When they're behind  
Whispers of woods become thundering growls  
This is horror assembled in roots  
No way to escape your soul will fade  
This is the constant fate  
The final step is taken  
Pain will be faced  
On dimensions arrival  
They could see the crest

Forsaken  
To the grace  
Of dread  
Forbidden to

Evacuate.
