In this land without winds  
They wont ever, ever dream  
They are the blind they cant see  
They are just here to serve destiny  
They cant find to defend  
The creation that will bring the end  
Down below in this hole  
The veil of death is everywhere  
Infinite and profane thrones  
Abysmal sights of the damned  
Cleansing chaos steals the light  
Majestic darkness feeds the bitter frost and howling  
winds  
Shall scream  
Abhorence deeds  
Eternal bliss  
Demons born seed of hate spill forth  
Stroke the flames  
Inhale the burning death  
Deathcult supremacy  
This is the dark age  
Neverending horror  
This moment of glorious defeat  
Is an eternal memory maximum evil power  
Mourning sorrow perpetual pain  
Seed of hate spill forth  
Stroke the flames  
Inhale the burning death
