### "Hail Revenge"

With clenched teeth I stalk God's madness  
Gifted with blindfolds charisma  
Should I dig out my eyes  
A dogma begins  
And Satan was there

Mouldy the air you breathe  
Feasting on venomous prey  
The sacred tumor won't let you see  
What lies beneath this palace

Thieves of abyss  
Bring forth all sacred gold  
Ancient blacksmiths  
Treasures turn to war  
Sing with angels  
Songs of morbid cult  
Cursed be your tombstones  
Unrest to lay forever

Forever to smite in death's own tune  
Forever to burn in fires of heresy

Cursed be your forehead  
Cursed be your womb  
Cursed be your shoulders  
Cursed

Hail Realism  
Hail Fanatism  
Hail Revenge
