Tonight the black moon lurks  
Shadows move they dance they hide  
Ancient gospel of the unblessed  
Listen and tremble  
My fate is sealed

Possessed on burial ground  
The oath I took  
Possessed on burial ground  
I'm undead I cannot die

Stand in awe  
Ecstatic breath  
Ruthless eyes  
Abyss calls  
Burial ground  
Torces high  
I'm reborn  
The only one

Possessed on burial ground  
Possessed

Beyond the gates of your world  
Lies a secret from the unknown  
This curse will kneel you to death  
The urge to cut your mortal flesh

Possessed on burial ground  
The oath I took  
Possessed on burial ground  
I'm undead I cannot die

Sacrifice this skin for knowledge  
It's clear and I can see  
Black moon this holy night  
I sold my soul and now I'm free
