Stakes aflame it's time  
Sworn to the unspoken oath  
Absurd tongue  
Fainted eyes  
Raise this knife through me

Cut deep  
Deeper  
Crown this corpse

Heresy now shall spread  
Straight from the womb of madness  
Deeds I've nothing to atone for  
Contagious patrimonial pest

I'm there each time you pray in my name  
I mock when witches chant your funeral words  
I laughed when dogs sucked you rdy  
Possessed now I own you

Still all stakes burning for me

Born in the grave of hope  
A monarch in holocausting throne  
Command of fire and death  
Morbid gospel  
All life to dust
