Creating a bastard existence
An abomination of flesh
Assembeld in blasphemy
Like a putrid caress
Electrosurgical life
Intestines now slither
Like snakes betraying christ

[Chorus]
Piecing together
The puzzle of death
Inhuman experiments
Instilling corpsified breath

Vital organs beating
Desecrating nature's law
A forbidden knowledge
Where is your god
Empty graves are screaming
Their utopia destroyed
The vacant maggot vessel
No longer a useless void

[Chorus]
