"Baptized By Demon's Piss"

Buried beneath the eyes of god
The beast of mockery waits
Life a dormant disease
Poised to spread it's fate
Rising from foul ground
Glowing eyes of liquid fire
The lord of flies awakes
A rotten messiah of morbid desire

I'm baptized by demon's piss

I accept the pain
A vow unto contagion
Take my soul
Putrid sacrifice ordained
Defiled in demonic fluids
Showered in eternal bliss
Anointed with new life
Baptized by demon's piss
I'm baptized by demon's piss
