Raised in a funeral home
Finding comfort in death
Fondling corpses
Soon became her friends
Anatomy lessons
At an early age
Undressing the dead
Fiendish unspeakable acts

[Chorus:]

Licking the stitches
That hold her lover in place
Blood between her thighs
Innocence gone forever

Exploring bodies
Inside and out
Rigor mortal erections
In her ass and mouth
Keeping mementos
In formaldehyde jars
Her silk lined cunt hungers
For dead leathery flesh

[Chorus]
