Ultraviolence - bower  
Deception of a useless whore  
She got what she deserved  
No more betrayal  
As she rots in the morgue

Dead cut open and redy to fuck

Her limbs neatly severed  
Body turned inside out  
Her decapitated head  
No tongue left in her mouth

Dead cut open and ready to fuck

Body fluids leaking  
From stab wounds  
Sliced wide open  
Her vagina was removed

Violated orafices  
Tongueless mouth and  
Cuntless cunt  
By balls dripping  
With her blood
