Deviant masterbation  
Born without a clit  
Never knowing pleasure  
Provided by her slit  
Killing in a frenzy  
Acting out her lust  
Penile dismemberment  
Blood encrusted stump

[Chorus:]

Blistered scabs draining pus  
Drawing flies into her cunt  
Twisted mind ruined snatch  
Death erect stuck in her crack

Opened wide up  
Pouring cottage clots  
Mangled stink hole  
Infested with crotch rot  
Double penetration  
Severed hands invade  
Ass bleeding brown  
Screaming as she came

[Chorus:]

Gore Whore

[Chorus]
