Abandoned at birth
Left to die
Nailed in reverse
Crucifixion
Abused and Beaten
Never time to be a child
A stench that never goes away
Branded in exile

[Chorus:]
Growing into hate
Absorbing pains creation
Like a second skin
Twisted into from

Abscessing into sin
Inheriting white knuckle fever
Frightened submission
Pre-ordained manifesto
Screaming into reflection
Mocking every movement
Releasing the last drop of life
Razor blade salvation

[Chorus]
