Abducted by graven figures
Orifices ripped open for invasion
Their mouths sewn shut
Dead yet screaming

Spawned by ghoul insemination

Repeatedly raped
By obscene rotting creatures
Absorbing zombified semen
Putrid flesh with inhuman features

Spawned by ghoul insemination

Ghoulisn eyes widen
Ritual fucking and torture begins
Her womb transforms and reacts
To the kicking of an infants dead limbs
Stomach spasms and splits open
Revealing a larvae laced face
Vile even by a mortician's standards
Spawning a brood of the living dead
