Move your love on me by Dance Nation
Dance you've got
Dance
You've got the chance
Dance you've got
Dance
You've got the chance

Baby baby, your all I need boy, you save me
It feels so right, I dont wanna come down
no no no no
Baby baby give it to me
Baby baby you've lifted me so high
I dont wanna come down no no no

Move your love on me, you can set me free
Move your love on me, you can set me free
Move your love on me, you can set me free
Move your love on me

Move your love on me, you can set me free
In this world of you and me
Move you love on me (move your love on me)
Move your love on me now

Dance you've got
Dance
You've got the chance
Dance you've got
Dance
You've got the chance

Baby baby, your all I need boy,
you save me, it feels so right
I don't wanna to come down no no no no
Baby baby give it to me
Baby baby your looks to me so hot
I don't wanna come down no no no (ye ye ye)
