You take me away, release my mind...

You take me away...

You take me away,
Come on and dance and celebrate,
You take me away,
And keep on and on, gotta elevate,
You take me away,
Get on the floor and feel okay,
You take me away,
Move on and on until the day...

Just keep on believing, in love... oh, oh, ooh
And turn on the feeling that I'm dreaming of

You take me away,
Celebrate,
You take me away,
Celebrate,
And everything will be alright.

You take me away.
You take me away.
You take me away.

You take me away.

You take me away.

You take me away,
Release my mind, body and soul.

You take me away,
Every night and every day,
You take me away,
Get on the floor and celebrate,
You take me away,
You and I, enlight the day.
You take me away,
Release my mind and elevate.

You take me away.
You take me away.
You take me away.
You take me away.

You take me away.
You take me away.
You take me away.
You take me away.

You take me away
