"Evil In Man"

Black soul, white light, so different in it's primal way

Rising sun the tides of sea belong together till the final
day

Hate to love

Love to hate yourself

Enslave the evil

In man, in man, the evil in man

Evil dreams born again

You awake at night, there's silence

Pump pressure in your brain

It's gonna make you violent

Hate to love

Love to hate yourself

Enslave the evil

In man, in man, the evil in man

Demon shadows on the wall

Wander around, follow a call

Scary faces staring at you

Searching for something crawling to you

Invoke your dark side

Release you from the evil might

Hate to love

Love to hate yourself

Enslave the evil

In man, in man, the evil in man

In man, in man, the evil in man

In man, in man, the evil in man

In man, in man, the evil in man
