I'm waiting in my cell for what will happen to me

The chiming of the bell reminds me of the land of the free

The years in the darkness has marred my eyes

But in my mind I still can see the beautiful sky

I walk the winding road

Up to the fields of gold

The time has come, I'm six feet from the edge

All my life I have no regrets

Time has come, I'm six feet from the edge

I can hear the footsteps coming down the floor

I can feel their presence when they reach the door

Is it fear or is hell near, veins feel like fire

My mind's clear, I disappear flying higher and higher

I reach the heavens gate

Into the light I fade away

The time has come, I'm six feet from the edge

All my life I have no regrets

Time has come, I'm six feet from the edge

I fly into the sun

Lord, I'm coming home

The time has come, I'm six feet from the edge

All my life I have no regrets (have no regrets)

Time has come, I'm six feet from the edge

The time has come, I'm six feet from the edge

All my pride I'll never forget

Time has come, I'm six feet from the edge
