Say what you want, say what you feel  
Say what you like, say what you will do  
Promise me love, promise me hate  
Promise me everything, don't hesitate

Watch every step you take  
Watch every move you make  
Sounds like words from an old song or is it fake?

I'm the machine  
Keep your mind clean  
I'm the machine

Cut out your heart, cut out your soul  
Right from the start, get you under control  
Forgiveness will fail, your life is for sale  
It don't cost a dime and no one will pay

Watch every step you take  
Watch every move you make  
Sounds like words from an old song or is it fake?

I'm the machine  
Keep your mind clean  
I'm the machine

Say what you want, say what you feel  
Say what you like, say what you will do  
Say what you want, say what you feel  
Say what you like, say what you will do

Watch every step you take  
Watch every move you make  
Sounds like words from an old song or is it fake?

I'm the machine  
Keep your mind clean  
I'm the machine
