I'll raise my glass of champagne to the ceiling
And throw it in your face
This is what you get for being deceiving
This is what you get for calling me crazy crazy

This is how it goes
The same way that the wind blows
This is how we lie
Looking straight in the eyes of the ones we love
Oh no
Just say it isn't so
Take me to a time
Where the truth is a veil you can't hide behind

I'll raise my glass of champagne to the ceiling
And throw it in your face
This is what you get for being deceiving
This is what you get for calling me crazy crazy

You made the divide
You helped me decide
That this is where it ends
On new roads we'll dance with no twists and bends
So wrong
But i you knew this all along
The road is not one way
You know karma's a bitch
She got you today

I'll raise my glass of champagne to the ceiling
And throw it in your face
This is what you get for being deceiving
This is what you get for calling me crazy crazy

I'll raise my glass of champagne
I can't stand to see your face
No

I'll raise my glass of champagne to the ceiling
And throw it in your face
This is what you get for being deceiving
This is what you get for calling me crazy crazy
