Visit "[White Flag](#)" on MotoLyrics.com

So tired of hiding behind the wall
Waiting for another to fall
So tired of living in the fear
Day after day and year after year
This is your last chance to fight
Make it right break out tonight

Hold up your white flag
And don't you make a sound
Turn all the lights out
It's time to surrender now

You're giving up on everything
Your life, your hopes and dreams
Well no giving in coz' it's too late
No way out to escape the fate
Now you're struggling to survive
Breathing but you're barely alive

Hold up your white flag
And don't you make a sound
Turn all the lights out
It's time to surrender now

Surrender now
Surrender now

But they don't know you like I do
They don't know you like I do
They don't know you like I do
I do

They just see right through
