I've Been waiting for so long  
It feels like it will never end  
I've been waiting for so long  
It feels like it will never end

Help me find the better way  
I cannot find peace here at all  
Lead me to a better place  
Just come and take me away

Looking back I see now how I am changing  
Looking back I see now how I am changing  
The walls are closing in I see them now

I can not erase this  
This memory I that's haunted me

(chorus)  
Just take me to the light  
Please show me all the lies I've seen  
Just stay with me tonight  
Just take me to the light  
Please show me all the lies I've seen  
Just stay with me tonight  
Let me see what's behind those eyes

Convulsing together we must unite as one  
Lost within our final days  
Our memories will fade away

(Chorus)  
Just take me to the light  
Please show me all the lies I've seen  
Just stay with me tonight  
Just take me to the light  
Please show me all the lies I've seen  
Just stay with me tonight  
Let me see what's behind those eyes  
Behind those eyes
