Air travel (air travel) it's the thing of the day  
Air travel (air travel) it's doin' fine  
So come on everybody now let's get on board  
We're gonna take a trip around the world

We're gonna take a little trip up to China  
Just to see the China wall  
We're gonna take a trip over to Niagra  
Just to see the pretty waterfall

Air travel (air travel) it's the thing of the day  
Air travel (air travel) it's doin' fine  
So come on everybody now let's get on board  
We're gonna take a trip around the world

We're gonna take a little trip up to Norfork  
Just to see them build a great big ship  
We're gonna take a trip over to New Orleans  
Just to see the girls shake their hips

Air travel (air travel) it's the thing of the day  
Air travel (air travel) it's doin' fine  
So come on everybody now let's get on board  
We're gonna take a trip around the world  
(Now come on)  
{ solo }

When all of this is over  
I know it'll be too soon  
But we'll all come over to my house  
And we will dance by the light of the moon

Air travel (air travel) it's the thing of the day  
Air travel (air travel) it's doin' fine  
So come on everybody now let's get on board  
We're gonna take a trip around the world  
We're gonna take a trip around the world  
We're gonna take a trip around the world  
Three more times  
We're gonna take a trip around the world  
Two more times  
We're gonna take a trip around the world

One more time  
We're gonna take a trip around the world  
We're gonna take a trip around the world  
We're gonna take a trip around the world
