If you're ever in a jam, here I am
And if you're ever in a mess, S.O.S.
And if you ever feel so happy that you land in jail, I'm
your bail
It's friendship, it's friendship, just a perfect little
blendship
When other friendships should been forgot, ours will
still be hot
Alright sing it

And if you're ever up a tree, just phone to me, alright
I'll call you to collect
And if you're ever in a fire send a wire, well
And if you ever loose your teeth, when you're out to
dine
You can borrow mine, alright I will
Friendship, friendship, just a perfect little blendship
When other friendships are been forget, ours will still
be great
Alright say it

If they ever black you're eyes put me wise, will you
Well if they ever cook your goose, then turn me loose
Alright I'll let you go right away
And if they ever put a bullet through your brain I'll
complain
It's friendship, it's friendship, just a perfect little
blendship
When other friendships are been forget, ours will still
be it

Well if you're ever down the well, would you ring my
bell
And if you're ever in a flop call for pop, well
Well if you ever take a boat and you're lost at sea look
for me, really
It's friendship, it's friendship, just a perfect little
blendship
When other friendships go up in smokem ours will still
be hope
Ours will still be great, ours will still be hot
