One of these days and it won't be loong
You gonna look for me and I'll be gone

Now you know I believe
(I believe, yes, I believe)
I say I believe right now
(I believe, yes, I believe)
Well, I believe to my soul now
You're tryin' to make a fool of me
(I believe it, I believe it)

Well, you're goin' 'round here with your head so hard
I think I'm gonna have to use my rod

Now you know I believe
(I believe, yes, I believe)
I say I believe right now
(I believe, yes, I believe)
Well, I believe to my soul now
You're tryin' to make a fool of me
(I believe it, I believe it)

Last night you were dreamin', and I heard you say
(Oh Johnny!)
When you know my name is Ray

Thats why I believe it now
(I believe, yes, I believe)
I say I believe right now
(I believe, yes, I believe)
Well, I believe to my soul now
You're tryin' to make a fool of me
(I believe it)
