The clock says you're at home
But I'm here all alone
Waiting for you to call, babe
Guess I was just a fool
The way I treated you
But I didn't care at all

Won't you please give it another try
I want to be There by your side

Through the darkest nights
And the coldest days
You can call on me
I will be there, I will be there
When you feel some doubts
And you're ever in need
You can count on me, babe
I will be there, I will be there
This time, I will be there

Last night, I lost my head
Should not have ever said
Those cruel things to you (Yeah, I said 'em too)
'Cause now I realize
How anger makes you blind
Makes you say what isn't true

You will never hurt this way again
'Cause from now on, I'll be your friend

Through the darkest nights
And the coldest days
You can call on me
I will be there, I will be there
When you feel some doubts
And you're ever in need
You can count on me, babe
I will be there, I will be there
This time, I will be there

You're on my mind

Every moment of every day
I've got to have you
In a very special way
Just keep on
Loving me the way you do
And I will be there, I will be there
Just call my name

Through the darkest nights
And the coldest days
You can call on me
I will be there, I will be there
When you feel some doubts
And you're ever in need
You can count on me, babe
I will be there, I will be there

Don't you know that I will be there?
Yes I will, babe
Don't you know that I will be there?
Any time you want to
I tell you, I will be there
This time, I will be there
