Readin' old magazines I'm on the road
No one to save me, girl
I wish you were here tonight

There's a knock on my door
Yes it's time to give another show
Oh baby, I wish you were here tonight

My love is all imagination
Just a dream, without you, to make it real
And baby, I got a dream burnin' inside

No one else around, it's just you and I
Lovin' in the fire that made us so right
And I wish you were here tonight

The TV is a friend 'cause I can choose the show
With a happy end, it never ends
Forever and ever more

If I make believe you're on the show
You're the lover that says she has to go
And I end up wishing you were here tonight

My love is all imagination
Just a dream, without you, to make it real
And baby I got a dream burnin' inside

No one else around, it's just you and I
Lovin' in the fire that made us so right
And I wish you were here tonight
