I'm feeling forlorn
And I'm feeling abused.
My soul is badly torn
My mind is confused.
I've been a long way
I've had the sun to guide me.
It's been a long day
I need you here beside me.

Marianne
I'm feeling empty and alone.
Marianne
I'm such a long way from home.

Far too many miles
No place to go.

Way too many smiles
From people I don't know.
Can't make up my mind
On what I'm gonna do.
Left you far behind
I wish I was with you.

Marianne
I'm feeling empty and alone.
Marianne
I'm such a long way from home.
