I need someone to say, 'I do'  
No one to cry to now , no one to say 'Goodnight'  
No one to tell my troubles to

I've got no one, to sigh to, no one to hold me tight  
No one to cheer me when I'm blue

When I go home to my lonely room and find there?  
No one there and each night I think of you  
So please answer this one prayer

And you? I need someone  
I said to cry to someone to say, 'I do'  
Someone to whisper, 'I love you'

When I go home to my lonely room and find there?  
No one there and each night I think of you  
So please answer this one prayer

And you? I need someone  
I said to cry to someone to say, 'I do'  
Someone to whisper, 'I love you'
