You're the first and only one  
Whose ever had my heart wrapped around your finger  
And every time I think of you  
I'm not surprised that the memories still linger

'Cause I still here the songs that we sing  
Each step I take down memory lane  
Just takes me further back in time

Those memories are all I see  
Like photographs of you and me  
As I turn the pages of my mind, the pages of my mind

Sometimes at lonely nights  
I close my eyes and feel you there beside me  
But deep inside my heart  
I know that I have only touched your memory

'Cause I still here the songs that we sing  
Each step I take down memory lane  
Just takes me further back in time

Those memories are all I see  
Like photographs of you and me  
As I turn the pages of my mind, the pages of my mind

'Cause I still here the songs that we sing  
Each step I take down memory lane  
Just takes me further back in time

Those memories are all I see  
Like photographs of you and me  
As I turn the pages of my mind, the pages of my mind

You're the first and only one  
Whose ever had me wrapped around your finger
