I am here with the beast of all saints
See were happy and then then you been breaking
See were happy and then then you been making
I am chill blaming there's no need for either bear shit to
hate me
Baby
Baby
Baby.

I am here with the baby.
I am here with your lovely baby

Ohhh.
Ohhh.

I am here with the baby.
(I feel him, I feel him)

Ahhh.

I am here with the baby.
(I feel him, I feel him)

Ahhh ohhh
Ooooh

Baby.
