Well, you come in baby
You will get burned
Because I am just
What I am I've learned

I slowly become some
What you live with
And mama told you
You would get this

Hey, I lost you when
You took me in my friend
Now against my will, I still stay out
Way out

I am maybe a loser
Maybe a sinner
Either way
I'm a perpetual beginner

Hey, I lost you when
You took me in my friend
Now against my will, I still stay out
Way out
Hey, I

Hey, I lost you when
You took me in my friend
Now against my will, I still stay out
Way out
Hey, I
