I've been thinkin' about moving house
I've been wonderin' what I'm about
I've been lookin' for a home
I've been wonderin' about Rome

But all this dirty talkin'
All these whores a-drinkin'
All this worried walkin'
All this worried talk
And I'm movin' out, movin' out

I've been wonderin' when I belong
I've been thinkin' of a song
I've been wonderin' where to go
I've been thinkin' about the road

But all this dirty talkin'
All these whores a-drinkin'
All this worried walkin'
All this worried talk
Well, I'm moving out, moving out

Yup, Zia's movin' out
Here she goes
Movin' out, movin' out

Those who came before
I caught them like a war
Those who came before let me hear
So I'm movin' out, movin' out
