Yeah yeah, yeah yeah

Neptunes, ahahaha

We got dirty in the brand new maitresse
I had you walk around with your thong on back with
I know you feel surprise just how long I last it
Tellin on yo freeze and I'm a nasty basti
Yo, you know what I like? models and actresess
You know the wind just scream "He loves u not"
You know the wind just scream "Tire ass pass"
When I see ya at the beach and I be like "She hot"
Baby pause let me freeze the frame
Cause slide down my pour let me ease the pain
With the roll on the dubbies in the greasy Range
And don't a eight rex cox and play a range
And with that body ain't no tellin waht I do to ya
I have your money while I'm growinin'
With that body I can hell but to do ya
In the mornin we be telephonin me
Show me the rulin me in the warmin me
Wile I show you the upper side where lonely brings
The ice rup on my neck make my body bling
Flippin how why you doin things
