[Ray J]

Just for the night
Turned into much
She's stuck in my life
I don't want you that's what I say
But in my head I know what I want
For you to stay
I be complaining
That I'm so afraid to love
I can't take it I be hating
Are you everything I want

[Chorus]

Hate to love
Love to hate you x2
Hate to love
Love to hate
Love is good
But love's not great
Love is love
Love can wait
Hate to love

I almost killed it
Damn I can feel it
I almost said
I can't believe it
Damned if I do
Damned if I don't
Cause I know what I want
For you to stay
I be complaining
That I'm so afraid to love
I can't take it I be hating
Are you everything I want?
Hate to love
Love to hate you x2
Hate to love
Love to hate
Love is good
But love's is not great

Love is love
But love can wait
Hate to love

I am going crazy
I can't contain it
The other day
I tried to say it
But nothing came out your
(La la la la la la la la)
But nothing came out just
(La la la la la la la la)
