Damn, she crazy, and she done a whole lot too,  
She gone tap my phone, she stole my credit card.  
she turned my cable off,  
I swear she's driving me insane.  
She cut up all my clothes,  
Threw my shoes in the pool  
She smashed up my new car.  
She is straight up acting like a fool.

Chorus:

I tried to kick her out.  
I tried to set her free,  
But she just won't let me go.  
I done change all my locks.  
I threw away her keys,  
But she just won't leave me alone.

She kicked my niggas out,  
Said they been spending too much time with me.  
She rearranged my house,  
And threw my numbers in the trash  
She found out all my codes,  
Said were hoes been calling me  
Went and killed my dog in me,  
She's in my crib, but I'm the one who's got to leave.

I tried to kick her out.  
I tried to set her free,  
But she just won't let me go.  
I done change all my locks.  
I threw away her keys,  
But she just won't leave me alone.

Shoulda listened to my father,  
When he said that she wasn't the one for me.  
Shoulda listened to my mother,  
When she said that she wasn't no good for me.  
Shoulda listened to my sister,  
When I know she wasn't feeling her.  
She put this spell on me and just won't let me leave.

I tried to kick her out.  
I tried to set her free,  
But she just won't let me go.  
I done change all my locks.  
I threw away her keys,  
But she just won't leave me alone.

I tried to kick her out.  
I tried to set her free,  
But she just won't let me go.  
I done change all my locks.  
I threw away her keys,  
But she just won't leave me alone
