Oh yeah, girl
I know this sexy girl with a whole lot of dope
She's from the queen of Mexico, she's perfect, she's perfect
And on the freaky little things that she thinks I won't know
Sexy girl so young and beautiful, baby girl handle business like a pro, she's perfect, she's perfect

Baby come here a little closer, come a little closer,
caught up in waiting for you to get older
Only but to give it to you, bend your ass over, 18 times
are you feeling like a grown up?
19 times I'm your sex soldier 20, 21, 22 on my rover,
23, 24 keep going
Now baby anything goes
What I mean movie at the beacon bought two tickets
meet next week
You can tell your boyfriend you was out eating with
your girl Sheila past the Jenkins
Now what I mean late night creeping, so we can call it
big peeping
Feels better push better when... back forever

I know this sexy girl with a whole lot of dope
She's from the queen of Mexico, she's perfect, she's perfect
And on the freaky little things that she thinks I won't know
Sexy girl so young and beautiful, baby girl handle business like a pro, she's perfect, she's perfect

She keeps trees, she don't get with it
She's fine enough got me thinking I might eat it
She's fine enough got me thinking I might see it
Wipe up, X man gets deleted, yeah

She gets cash whenever needed
Cause she dealing with the boss a boss like me get it
Whenever I think baby girl she's in control

Fooling myself trying to get her up on my wall

Slow, go, we're in the bed doing it
Baby girl... and I can't... it
Look at her bag, look at her hair do
She be getting them style only saloons do
Honeys this is mad nigger this is mad too
But I can kick cause I'm riding with my boots
She's perfect, she's worth it, she's my girl, don't say
shit... she's a knock out...

I know this sexy girl with a whole lot of dope
She's from the queen of Mexico, she's perfect, she's
perfect
And on the freaky little things that she thinks I won't
know
Sexy girl so young and beautiful, baby girl handle
business like a pro, she's perfect, she's perfect

She got it hommie dope mamma steak checked up
What she got that you never wanna break up
Wake up in the morning no make-up shorty's still
perfect flawless...
Real talk when I say she's so bad
Got every single... hand bag
Moved out to a house out... I'm on my way right now,
see you soon

I know this sexy girl with a whole lot of dope
She's from the queen of Mexico, she's perfect, she's
perfect
And on the freaky little things that she thinks I won't
know
Sexy girl so young and beautiful, baby girl handle
business like a pro, she's perfect, she's perfect
