Pullin' up to the club  
Six coke dealers in my truck  
Sliding to V.I. room  
Hypnotic is in my cup

Then I felt someone grab me  
And say, "Ain't you from Cali?"  
Then say, "Welcome to Miami"  
Yeah, she was on me heavy

So I brushed up, like, "Wassup?"  
So her jeans was tight as what  
I say next, she made me step  
Back a minute, she was wet

By then I was so ready  
She got my tank top so sweaty  
Tossed her up like Machiavelli  
And yeah, she was on me heavy

Ooh, keep sweatin'  
Uh uh, keep sweatin'  
Ooh, I'm sweatin'  
It's so hot, I'm sweatin'

Ooh, well you really don't stop  
Do what you do, till your body's hot  
Back it on up to the wall then drop  
Ooh, now take it to the top

Now push it back, push it back, push it back, baby  
Now push it back, push it back, push it back, oh  
Push it back, push it back, uh  
Push it back, push it back, uh  
Come on

3 a.m., club is packed  
Sure by now she's feelin' that  
I might go and take her home  
Yeah, she knew, I made it known

Sweat drippin' down her face

Took my mind to a different place  
Club was cool if I had my way  
Yeah, we'd be at my place

Crazy how, she was down  
Looked at me and said, "Let's bounce"  
GT Coupe in velor  
Looked at her and said, "Swell huh?"

Then we started to roll out  
Almost to my crib and she's down  
For whatever, you know I'm down  
Yeah, she'll be sweatin' for me now, come on

Ooh, keep sweatin'  
Uh uh, keep sweatin'  
Ooh, I'm sweatin'  
It's so hot, I'm sweatin'

Ooh, well you really don't stop  
Do what you do, till your body's hot  
Back it on up to the wall then drop  
Ooh, now take it to the top

Now push it back, push it back, push it back, baby  
Now push it back, push it back, push it back, oh  
Push it back, push it back, uh  
Push it back, push it back, uh  
Come on

Woke up in the mornin' and I washed my face  
Had hoochies on the bed three by the fireplace  
Another four on the rug and they keepin' on touch  
Everybody do the snake when they fuckin' wit us

Now, chicks love me well, at least they say so  
Or maybe it's the money or the sweet  
[Incomprehensible]  
See, I don't give a fuck, I just leave and replace hoes  
And everyone's a player but believe me, they ain't Joe

Stains on my shirt and it's not from that club  
Ray J, don't know how to act you can  
If you feel me, we can rock away  
I just wanna make ya sweat, y'all feel me

Right around the world from east to west coasts  
Gonna make sure y'all go home and change clothes  
But now we just want your clothes to be soaked  
And if you can't take it undress on the dance floor

Ooh, keep sweatin'  
Uh uh, keep sweatin'  
Ooh, I'm sweatin'  
It's so hot, I'm sweatin'

Ooh, well you really don't stop  
Do what you do, till your body's hot  
Back it on up to the wall then drop  
Ooh, now take it to the top

Ooh, keep sweatin'  
Uh uh, keep sweatin'  
Ooh, I'm sweatin'  
It's so hot, I'm sweatin'

Ooh, well you really don't stop  
Do what you do, till your body's hot  
Back it on up to the wall then drop  
Ooh, now take it to the top

Now push it back, push it back, push it back, baby  
Now push it back, push it back, push it back, oh  
Push it back, push it back, uh  
Push it back, push it back, uh  
Come on, uh

Now push it back, push it back, push it back, baby  
Now push it back, push it back, push it back, oh  
Push it back, push it back, uh  
Push it back, push it back, uh  
Come on
