Country girl  
Country girl  
If you don't mind  
Baby we could give it a whirl  
Left my home and family for  
The sound of the rock and roll band  
Been so long I can't recall  
How it all began

Country girl  
The Southern kind  
Tennessee  
On my mind  
Left my home and family for  
The soul in a rock and roll song  
Just like you I could sure use  
Someone to lean on

You may love upon a masa  
Desert sky light a laze in a rose  
I fell into her just like  
That leaf falls in the water  
Just like saying lonesome I suppose

I suppose

Country girl  
Your papa's pride  
Dusty boots  
Easy smile  
Left my home and family for  
A life there ain't no choosing  
Country girl don't throw me  
No illusions

Country girl  
Country girl  
Graceful as a sparrow  
Free as a bird  
Left my home and all that I've known  
For the road and the tale I control  
Lying here with you in the fore glow

I'd swear you were an angel, angel
